		<b>NO-ADDED-SUGAR FRUIT JAMS &amp; SPREADS</b>		No-Added-sugar Low Calorie Jam with Apple Juice or with Stevia sweetener. The newly-launched line of stevia-based jam combines full taste and aroma (due to the high content of fruit), with low calorific value (due to the use of stevia sweetener instead of sugar). In this respect we proudly celebrate the 2013 great taste gold award for our no-added-sugar stevia strawberry jam with less than 22 Kcal per serving.
